Builder · Leader · Computer Engineer

LBYCPG3 · Online Technologies · De La Salle University

ABOUT ME

Computer Engineering student at DLSU with a unique blend of technical expertise and strategic leadership. Currently serving as Vice President for Activities at the Lasallian Scholars Society, I develop innovative solutions spanning Python programming, IoT systems, data analytics, and multimedia production — building bridges between technology and human connection.

EXPERIENCE & LEADERSHIP

Vice President for Activities

Sept 2025 — Present

DLSU Lasallian Scholars Society

- Plans and facilitates activities enriching scholars' academic and personal growth
- Maintains communication channels and coordinates attendance for maximum involvement

Rookie — Social Media Management

Sept 2025 — Present

DLSU Green Media Group

- Creates and schedules content aligned with organizational branding and digital campaigns

Executive Officer for Sports

Jan 2025 — Sept 2025

DLSU Engineering College Government

- Strategized sports programs enhancing wellness and teamwork among engineering students
- Served as main liaison with the university sports administration

Lead Associate for Events

Oct 2024 — Sept 2025

LSSUMMIT — Lasallian Scholars Summit

- Led program flow, hosting, and on-ground execution for the DLSU-wide summit

Marketing Executive

Oct 2024 — Sept 2025

DLSU Data Science Society

- Strategized marketing content and maintained consistent brand messaging on social media

Vice President for Activities

Sept 2024 — June 2025

DLSU SYNTAX

- Oversaw the SYNTAX Math Challenge and other flagship engineering events
- Led committees, delegated tasks, and evaluated post-event impact

Activities Officer

Sept 2023 — Aug 2024

DLSU SYNTAX

- Organized logistics, venues, and attendee registration for academic and social events

NCR Regional Council Member

Sept 2021 — June 2023

Philippine Society of Youth Science Clubs

- Promoted STEM interest and collaboration among Metro Manila schools

Business Manager

Sept 2021 — June 2023

VCSMS Robotics Guild

- Facilitated technical workshops and robotics competitions

PROJECTS & WORKS

G-Scan

Technical

Python data analytics tool converting GCash receipts into structured Excel formats for business intelligence.

Plantita-Fi

Technical

IoT smart environmental monitoring and control system for urban farming using NodeMCU and Blynk.

BedChem

Technical

Clinical efficiency system using Fractional Knapsack and Dijkstra's Algorithms for healthcare distribution.

ELM Prestige

Technical

Official website design and development for The Signature Beauty Network company.

SYNTAX Math Challenge

Events

Lead organizer for this flagship inter-school mathematics competition as VP for Activities of SYNTAX.

LSS Summit

Events

Led program flow, hosting, and on-ground execution for the Lasallian Scholars Summit, DLSU-wide.

Muni-Muni

Multimedia
